Corporate structure before and after completion of the Proposed Acquisition

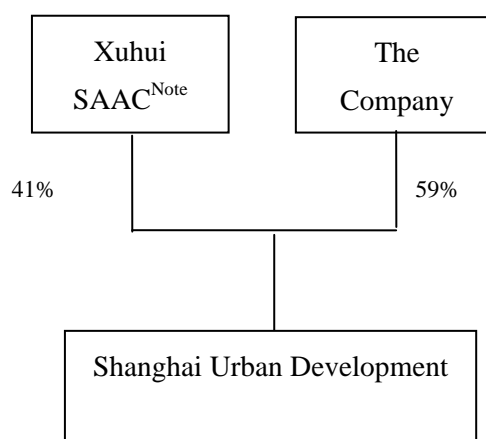

Following completion of the Proposed Acquisition, the Company’s equity interest in Shanghai Urban Development will be increased from 40% to 59% and Shanghai Urban Development will be accounted for as a non-wholly owned subsidiary of the Company. Hence, the financial results of Shanghai Urban Development will be consolidated into the Group.

Set out below are the shareholding structures of Shanghai Urban Development as at the date of this announcement and immediately after completion of the Proposed Acquisition respectively:

As at the date of this Announcement

Immediately after completion of the Proposed Acquisition

Note: Xuhui SAAC is authorised by Shanghai Xuhui District People’s Government to exercise state-owned shareholder’s rights.

Reasons for and Benefits of the Proposed Acquisition

The management team of Shanghai Urban Development is experienced in the development of real estates. The Company enjoys good reputation in the real estate industry in Shanghai, winning honours including “Top 100 Real Estate Enterprises in the PRC” and “Top Ten Fastest Growing Real Estate Enterprises” in 2006. It is expected that further acquisition of interest in Shanghai Urban Development thereby obtaining a controlling stake will enable the Company to rapidly establish a dynamic platform for real estate business of the Group. The expansion in the scale of its investments in real estate business will benefit from the solid financial strength of the Company, a low gearing ratio and a strong cash flow position.

Based on the due diligence on Shanghai Urban Development conducted by the Company and the information gathered and the internal assessment of the asset value of Shanghai Urban Development and after taking into account the rise in property values in the PRC property market and the fact that the Proposed Acquisition will result in the Company obtaining a controlling stake in Shanghai Urban Development, the Directors consider that the Consideration is fair and reasonable so far as the Company and the Shareholders are concerned. The Directors also consider that the Equity Transfer Contract is on normal commercial terms and is fair and reasonable so far as the Company and the Shareholders are concerned.

Source of Funding

The Company will fund the Consideration by the internal resources of the Company.

POTENTIAL CONTINUING CONNECTED TRANSACTIONS

The Cross Guarantee Arrangement

Pursuant to an agreement dated 26th December 2002 entered into between the State-owned Management Company and Shanghai Urban Development (the “Cross Guarantee Agreement”), the parties thereto agreed to guarantee each other’s obligations in respect of certain loans/facilities from time to time obtained from banks or credit unions by them respectively to the extent of not more than RMB700 million. In respect of those guarantees which have already been entered into by the State-owned Management Company and Shanghai Urban Development pursuant to the Cross Guarantee Agreement, they will continue after the completion of the Proposed Acquisition until the underlying loans/facilities mature/expire and all amounts owed are fully repaid.

As at the Valuation Date, the total amount of loans/facilities obtained by Shanghai Urban Development in respect of which guarantees were provided by the State-owned Management Company amounted to RMB545 million (equivalent to approximately HK\$567.71 million). As at the Valuation Date, the total amount of loans/facilities obtained by the State-owned Management Company in respect of which guarantees were provided by Shanghai Urban Development amounted to RMB686 million (equivalent to approximately HK\$714.58 million).

No security over the assets of Shanghai Urban Development or the Group is granted in respect of guarantees provided by State-owned Management Company pursuant to the Cross Guarantee Agreement. The executive Directors are of the view that the guarantees provided by State-owned Management Company are on normal commercial terms (or better to Shanghai Urban

Development).

The aggregate amount of loans/facilities obtained by the state-owned Management Company in respect of which Shanghai Urban Development provided guarantees pursuant to the Non-exempt Guarantee Arrangement for each of the period from the date of completion of the Proposed Acquisition to 31st December 2007 and each of the two years ending 31st December 2009 will be subject to a cap amount of RMB700 million (equivalent to approximately HK\$729.17 million).

Reasons for and benefits of the Non-exempt Guarantee Arrangement

The reason for the Cross Guarantee Arrangement was to enable State-owned Management Company and Shanghai Urban Development to obtain certain loans/facilities which are required to meet their respective funding needs. Since the existing guarantees provided by State-owned Management Company and Shanghai Urban Development pursuant to the Cross Guarantee Arrangement (including the Non-exempt Guarantee Arrangement) were entered into with the relevant banks or credit unions before the date of entering into of the Equity Transfer Contract, it is impracticable for Shanghai Urban Development to seek for early termination of the relevant guarantees provided by Shanghai Urban Development pursuant to the Non-exempt Guarantee Arrangement without the consents of the relevant banks/credit unions.

In view that (i) the Cross Guarantee Agreement and the guarantees provided by Shanghai Urban Development pursuant to the Non-exempt Guarantee Arrangement and are unable to be terminated without the consent from the relevant financial institution and/or the State-owned Management Company and (ii) Xuhui SAAC has also provided guarantees in respect of loans/banking facilities obtained by Shanghai Urban Development, the executive Directors are of the view that preserving the status quo is beneficial to the Group as it would enable the continuance of the loans/facilities granted by various banks or credit unions to Shanghai Urban Development after the completion of the Proposed Acquisition. It is the intention of the Company to avoid Shanghai Urban Development from providing further or renewing existing guarantees in respect of borrowings of the State-owned Management Company where circumstances permit.

The executive Directors are of the view that the Non-exempt Guarantee Arrangement is on normal commercial terms and is fair and reasonable so far as the Company and the Shareholders are concerned.
